ESTABLISHED 1833. TUESDAY EVENING, AUGUST 11, 1885. PRICE THREE CENTS

SEALED PROPOSALS!

TO PRINTERS, BOOKBINDERS AND STATIONERS.

BUREAU OF PUBLIC PRINTING, BINDING AND STATIONERY, INDIANAPOLIS, July 20, 1885.

The Board of Commissioners of Public Printing, Binding and Stationery, will, in accordance with an act of the General Assembly, approved April 13th, 1885, receive sealed proposals, until the

1st day of September, 1885,

and up to the hour of 11 o'clock a. m., of that day, for doing the Public Printing, and furnishing the Stationery for the use of the State of Indiana, for two years, commencing on the 1st day of October, 1885.

At the date and hour above stated, in the office of the Auditor of State, the sealed proposals will be opened, and contract will be awarded to the lowest and best bidder, according to law, as soon as the bids can be properly examined and classified.

The work will be divided into three classes, as specified by the law as follows:

The first-class shall comprise the laws, journals, reports of officers and public institutions, and all book and pamphlet work to be printed on book or pamphlet paper.

The second class shall comprise all legislative bills, commissions, letter heads, circulars, blanks, and other work usually executed on writing paper and all articles of stationery.

The third class shall comprise the folding, stitching, covering and binding, and all work belonging to the binding business.

Parties making bids will be required to accompany their sealed proposals with samples of every description of paper named in said proposals, giving name and weight of same, or otherwise designating means for making comparisons and estimating value.

The contractor will be required to give bond in the sum of $25,000, with approved security for the faithful performance of all work which may be awarded him, and that, in every instance, the paper shall be in color and quality the same as the sample furnished.

Specifications and full particulars in regard to the work can be obtained of J. B. Maynard, clerk of the Bureau of Public Printing, Binding and Stationary, at the office of the secretary of state, and the contract must be to do the work according to specifications.

The board of commissioners reserves the right to reject any and all bids that may be offered.

The sealed proposals must be addressed to W. R. Myers, secretary of state and ex-officio secretary of the board.

ISAAC P. GRAY, President of Board.

W. R. MYERS, Secretary of Board. July23Aug22

CITY OF CHICAGO, DEPT. OF HEALTH, June 17, 1885.

Messrs. Riall & Bates, General Western Agents:

Gentlemen—I have examined the report of Dr. Geo. M. Sternberg, chairman of the committee appointed by the American public health association to report on the value of disinfectants, and I find that he places MUCH CONFIDENCE in Wither's Antizymotic Solution. He says that a 4 per cent. solution in water is an active germ destroyer. I am therefore justified in recommending its general use as directed. (Signed), OSCAR C. DEWOLF, M. D., Commissioner of Health.

A DELUGE.

Kansas City Flooded Early This Morning.

By Telegraph to THE SENTINEL.

KANSAS CITY, Aug. 11.—A heavy rain and thunder storm visited this city before daybreak this morning, and caused a flooding of cellars in all parts of the the city. Two brick buildings, one two-stories high, on Grand avenue, one occupied as a hardware and the other as a dry goods store, collapsed during the storm and were totally wrecked, owing to the undermining of the foundation and their defective construction. Ten persons lodged in the buildings at the time, but escaped uninjured.

The National Capitol.

By Telegraph to THE SENTINEL.

WASHINGTON, D. C., August 11.—President Cleveland has issued a proclamation in which, after quoting laws on the subject of settlement on the public domain, he says: "And whereas it has been brought to my knowledge that unlawful enclosures exist upon the public domain, and that actual legal settlement thereon is prevented and obstructed by such enclosures, and by force, threats and intimidation; now, therefore, I, Grover Cleveland, President of the United States, do hereby order and direct that any and every unlawful enclosure of the public lands, maintained by any person, association or corporation, be immediately removed, and I do hereby forbid any person, association or corporation from preventing or obstructing by means of such enclosure, or by force, threats or intimidation, any person entitled thereto, from peaceably entering upon and establishing a settlement or residence on any part of such public land, which is subject to entry and settlement under the laws of the United States."

The agricultural bureau reports that the corn crop has made an improvement since the last report, and indications are that the yield will be twenty-six to twenty-seven bushels per acre. There has been an average decline of four points in spring wheat, which indicates a reduction of 6,000,000 bushels from expec ation on July 1st. No reports concerning the threshing of winter wheat are received, except in the south.

The White House is now closed to visitors, and will not be re-opened until the President's return, in September. In the meantime the building will be overhauled and made as clean and comfortable as possible. Considerable repairing will have to be done, and several improvements in the internal arrangements will be made. The clerical force will remain on duty during the summer. Assistant Private Secretary Pinder is in charge. The President will always be within telegraphic communication with the White House, and will in that way attend to all matters requiring action on his part.

The commission appointed to visit Central and South America in the interest of commerce between those countries and the United States, has made reports on its visit to Ecuador, Venezuela, and Guatemala. The commission says it found the President of Ecuador rather disinclined to a reciprocity treaty, because his government needed the revenues from imports, and because other countries buy more goods from Ecuador than the United States, which in that respect stands fifth.

In regard to the adoption of a common silver coin, for the Central and South American States, and the United States, he said his country was not working its silver mines, and had no silver to coin. He favored a Commercial Congress of the countries mentioned, and went on to say that one of the great obstacles to commerce with the United States is the high freight charges carrying trade, being practically a monopoly, and intimated that if the United States would establish a line of coasters, with equitable charges, no other coast vessels would be allowed to pass at ports at Ecuador. The commission reports that it was received by the President of Venezuela and his Cabinet, and its suggestions received as matters of much importance, but that the Venezuelan Congress was soon to convene, and he desired not to be hampered by promises, but said he would soon communicate with the United States Government on the subjects referred to in the report. On the results of the visit to Gautemala, which is embodied in a communication from the minister of foreign relations, a very cordial spirit is manifested.

A Double Tragedy.

UTICA, N. Y., August 11.—Edwin Preston, of South Otsego, in Chenando County, went to the house of his sweetheart, Tilda Manor, and, as she sat at the breakfast table, fired three shots at her. The last shot killed her instantly. Preston then put the pistol to his head, fired, and now lies at the point of death.

Joseph Diebold died this morning at his home, 275 East Washington street. Mr. Diebold was an excellent citizen and his death is deeply mourned. The funeral occurs Thursday morning at 9 o'clock from St. Mary's Catholic church.

The Wabash last night had 160 carloads of wheat in their yards at Indianapolis, awaiting room in the elevators A and C to receive it. All is consigned to St. Louis parties.

Mr. Clem Studabaker, of South Bend, who is always doing something noble and christian like, sent by express this afternoon to the Railroad Young Men's Christian association a handsome bulletin board, gotten up in a very tasty manner. Mr. Studabaker is the president of the Young Men's Christian association at South Bend and an earnest worker in the cause.

The bans of P. J. McDonald and Miss Gertrude Donnelly were published from the cathedral Sunday. Miss Donnelly is a pleasant and accomplished young lady, now the guest of Mrs. S. A. Grabel. Mr. McDonald is clerk at the water works department and one of the brightest and most trusty accountants in the city. He is very popular, and although the young people will be married early Tuesday, their friends will be numerous at the church.

HALE'S STORY.

It Does Not Stand the Test of Criticism---He Will Hear from Judge Woods.

THE SENTINEL yesterday gave space to an interview with Homer C. Hale, who boasts of his intention to work wonders. He is entirely wrong in his assertion that Judge Woods lived in Wabash county. He is wrong when he charges that Judge Woods instructed the jury against him, because Councilman Ely, a member of of that tribunal, says the charge was fair, not at all specific and manifestly just to both parties. Hale's case comes before Judge Woods in December and he will then listen to the riot act from the court.

When Mr. Hale comes here to measure strength with Harry C. Hanna, he will find a young man who stands a head or two above him in every atribute of manhood. Hale is now at Grand Rapidr to prosecute Gibbon Fitch for perjury. He has men to swear for him who have already admitted they perjured themselves.

Mayor Muhler and the Electric Light Contract.

The *Journal* and *Gazette* charge that the contract between the city and the Electric Light company is null and void because Mayor Muhler is president of the Electric Light company. THE SENTINEL representative interviewed Mr. Muhler about the matter this morning. He said he believed the law would not be interpreted as the papers indicated. He had nothing to fear, as he asked no man to vote for the contract, did not have a vote on it himself, and could not see how it differed from the contract with the gas company when Hon. A. P. Edgerton was a member of the council and president of the gas company. He does not think it differs from the case of the *Journal* company, which made a contract to do the city printing when the president of the company, C. A. Zollinger, was mayor, and a stockholder, Mr. Fred C. Boltz, was a member of the council. Mayor Muhler will get the opinion of City Attorney Colerick on the question.

The Surgeons at Rome City.

This morning a select party of excursionists went to Rome City on a special train furnished by Superintendent P. S. O'Rourke. The company included the Pennsylvania railroad surgeons and their families, numbering fifty people. Among those present were Dr. P. B. Young and wife, Crestline, Ohio; Dr. Jno. A. Chesney, mother and sister, Bucyrus, O.; Dr. Neal Hardy and wife, Upper Sandusky, O.; Dr. Harper, wife and daughter, Lima, O.; Dr. G. W. McGavinn and wife, Van Wert, O.; Dr. J. W. Davison, and wife, Warsaw, Ind.; Dr. J. J. Larkins and wife, Valparaiso, Ind.; Dr. DeWolf and wife, Englewood, Ill.; Dr. D. J. Loring and wife, South Chicago; Dr. Lee and wife, Chicago; Dr. C. B. Stemen, Dr. G. S. Gregg and family, Fort Wayne. J. K. McCracken and family, C. R. Higgins and family, and Mr. Cox and family accompanied the party.

WILKESBARRE, Aug. 11.—A terrible explosion of gas took place in the west end coal company's mines this morning at Macanqua, fifteen miles from here. Ten miners were instantly killed and several others dangerously injured.

DEADLY AIR.

WILKESBARRE, Pa., August 11.—Further intelligence of the disaster says: The fan engine that supplies the fresh air to the west end mine at Mocanque broke, depriving the miners of air. Four men have been brought to the surface dead and four or five more are yet in the mine and cannot be reached, owing to the impure air.

Six hours after the accident Superintendent Teasdale, who is also part owner of the mine, is still unconscious.

The Meteoric Showers.

To the Editor of THE SENTINEL:

The unusual display of meteors last night was witnessed with much interest by a few of us from the residence of Mr. Frank Welling. These meteors of August 10 belong to the family known as the Perseides. The unusual number at this time proves that we are approaching the maximum of splendor of these displays. We counted more than one hundred from 10 to 12 o'clock, and that too in a very limited field. A rapid diminution of temperature was occuring during the time and still continues, probably resulting from the intervention of this meteoric ring—composed chiefly of very small masses of matter between the earth and the sun. The 10th, 11th and 12th of August are usually noted as cool days from this cause.

Numerous shooting stars will probably be seen for a few nights. Their paths will pass through the constellation Perseres; hence their name.

The next period will be in November, 13th and 14th, between the hours of midnight and sunrise. Of this period Avago says: We thus become more and more confined in the belief that there exists a zone composed of millions of small bodies, whose orbits cut the plane of the ecliptic at about the point which our earth annually occupies between the 11th and 13th of November. This period shows itself in its greatest magnitude every thirty-three or four years.

W. H. M.

The Temperature for July.

W. H. Ragan, director of the DePauw university weather service, says: The temperature averaged 3 degrees higher in the state than in 1883, and 23 higher than in 1884, and the rainfall 2.27 lower than in 1883, and 2.26 lower than in 1884. The crops do not seem to have suffered greatly for rain, from which it might be deduced that the normal rainfall for this month is nearly twice the amount absolutely required, the amount this year having been but little more than half the normal, and there having been no general excess during June to carry forward. The rainfall was unevenly distributed through the month and over the state, ranging from 1.70 on the 22d to none on the 1st, 2d, 10th, 12th, 14th, 16th, 19th, 28th, and from 4.80 at Crawfordsville to 0.40 at Fort Wayne. There was a general "wet spell" from the 21st to the 27th, during which the great bulk of the rain fell in all sections.

OFFICIAL PAPER COUNTY AND CITY.

TUESDAY, AUG. 11, 1885.

THE Cincinnati *Telegram* says: "Mr. Charles H. Newell, of this city, has purchased the one-third interest of James H. McClung in the Wabash (Ind.) *Plain Dealer*. The consideration is understood to have been $3,500."

EX-GOVERNOR PORTER is busily engaged in writing his history of Indiana. He has got the hardest part of the work done, but will require a year's time to complete the volume. He can easily write all the remainder of the work, excepting the part relating to Governor Morton's administration, in six months. The volume will comprise about seven hundred pages.

THE Chicago *Times* was in error in its report of M. W. Wines, formerly a resident of this city, as the correct report of the commission under Auditor Chenowith enonorates him from every charge, except, perhaps, that of needless traveling expenses in the interests of the coast survey. Mr. Wines is an old resident of this city, and we feel that the above statement is due him.

THE *Gazette* prattles about doing justice to the citizens of Fort Wayne, irrespective of party, while fresh from its pages comes the odor of a trumped up special dispatch from Washington, charging Congressman Lowry with a crime, in using for his private business a clerk that the government had to pay. The *Gazette* should "not be slow to correct the false impression given by" its special dispatch.

IT is now acknowledged on all hands that Governor Hoadley will be renominated by the Ohio democratic convention and will accept. Ex-Senator Allen G. Thurman, whose name was suggested some time ago for governor, told his friends that there were not oxen enough in Ohio to pull him on the track. There is a strange feeling in favor of instructing the democrats in the next legislature to vote for the Old Roman for the United States senate.

GENERAL CARNAHAN has made his report as commissioner of Indiana to the New Orleans exposition to Governor Gray. It contains nothing but an itemized statement of the expenses incurred, and vouchers accompanying them. The legislative appropriation for the exhibit was $3,900, divided as follows: Educational department, $500; woman's department, $600; colored people's department, $100, and state department, $2,700, The total expense amounted to $3,959.-37.

THE republican papers of Ohio criticise Governor Hoadly for not hastening to Columbus to issue a proclamation on General Grant's death. He issued an admirable document later and commenting on the matter the Cincinnati *Evening Telegram* says: "The writer of this was with Governor Hoadly once when the latter made a republican speech at Fort Wayne, Ind., in 1868, and a warmer eulogy he never heard pronounced on Grant than Hoadley pronounced at that time."

VICE PRESIDENT HENDRICKS recently met Slugger Sullivan, according to a Harrisburg paper: Mr. Hendricks, being informed of the champion's presence in the train, expressed a desire to meet the Boston warrior. He was taken into the "Midway" while crossing the Alleghenies, and the two were presented to each other. After introductions around, cigars were produced, and the two hardest men in the world to knock out smoked and chatted. Mr. Hendricks jocularly remarked: "Well, John, they say you're a hard hitter." "Yes; when I hit a man I try to hit him hard." "Do you ever hit anybody as hard as you can?" "No, sir; I don't try that. I am afraid. But when I fight I try to do my man up as soon as I can." "Well, doesn't it hurt to be hit in the face?" "Oh, yes; it hurts; but I don't let them hit me often. And a man must get used to the hurting."

THE Richmond *Palladium*, a republican paper, in a manly way says: "An ugly rumor is put in circulation from Washington about Judge Lowry, congressman from the Fort Wayne district. He is charged with having his private secretary paid by the government at the rate of $70 per month. We know Judge Lowry, and do not believe the story. He will undoubtedly be able to deny or explain the charge satisfactorily." THE SENTINEL can assure its cotemporary that there is not a word of truth in the charge which the Fort Wayne *Gazette* has not the decency to correct.

The Voice of the People.

The people, as a whole never make mistakes, and the unanimous voice of praise which comes from those who have used Hood's Sarsaparilla, fully justifies the claims of the proprietors of this great medicine. Indeed, these very claims are based entirely on what the people say Hood's Sarsaparilla has done. Send to C. I. Hood & Co., Lowell, Mass., for book containing statements of many cures.

Is there balm in Gilead? Yes, poor, weary sufferer, there is. It is called Mishler's Herb Bitters, and if you have been afflicted with impurities of the blood, derangement of the digestive organs, sick headache, constipation, liver and kidney troubles, this medicine is what you have been waiting for, for these complaints all succumb to its treatment. Mr. Jacob Chambers, of Henry street, New York, desires us to state that Mishler's Herb Bitters cured him of bleeding piles.

You are hereby notified that the mayor and common council of the city of Fort Wayne, Indiana, will present the following petition to the Board of Commissioners of Allen county, Indiana, on the first Monday of September next, being the 7th day of September, 1885, and will then and there ask that said petition be granted:

RESOLUTION AND DESCRIPTION OF LOTS AND LANDS RELATING TO THE CITY LIMITS.

Be it Resolved, That the Common Council of the city of Fort Wayne do petition the board of commissioners of Allen county, Indiana, at their first regular meeting after due notice by publication, for the annexation to the said city of the lands and territory not laid off in lots embraced in the list hereto attached, and that the city civil engineer be and he is hereby directed to file therewith his verified maps and survey of said lands and territory and that due notice of the pendency of said petition be given to the owners of said lands and territory by publication in THE FORT WAYNE DAILY SENTINEL, said petition to be as follows.

To the Honorable Board of Commissioners of Allen County, State of Indiana.

Your petitioners, the mayor and common council of the city of Fort Wayne, do respectfully petition your honorable body to annex to the said city of Fort Wayne the lands and territory set out and fully described by metes and bounds, with names of owners, in the list filed herewith and marked Exhibit "A." All o said lands and territory are contiguous to said city and not laid off in lots, and the owners will not consent to the annexation thereof. The reasons for the annexation thereof are because the growth of said city and her business interests require it. The vicinity adjacent to said lands and territory is thickly populated and greatly in need, as well as said territory itself, of streets, alleys and sidewalks, which ought to be opened and constructed through and upon said lands and territory. That public health and convenience require that said lands and territory should be under the jurisdiction of said city in order that the same may be drained by sewers and ditches and lighted with gas, and it is necessary the city should have jurisdiction over the same for the purpose of enforcing ordinances and police regulations for the protection of property and persons and for the peace and welfare of the citizens of said city. That petitioners have filed herewith and made a part hereof the plat and maps of said lands and territory, duly verified and marked Exhibit "B."

HERMAN MICHAEL,

Which resolution was on mot'on adopted by the following vote: Ayes, 17, viz: Councilmen Doehrman, Gocke, Kelker, Kensill, Kramer, Lincoln, Michael, Mohr, Prentiss, Racine, Read, Scheid, Storm, Schwartz, Tresselt, Wessel and Woulfe, Nays, none.

SLR SIMMONS LIVER REGULATOR

PURELY VEGETABLE.

Are You Bilious?

The Regulator never fails to cure. I most cheerfully recommend it to all who suffer from Bilious Attacks or any Disease caused by a disarranged state of the Liver.
KANSAS CITY, Mo. W. R. BERNARD.

Do You Want Good Digestion?

I suffered intensely with *Full Stomach, Headache,* etc. A neighbor, who had taken Simmons Liver Regulator, told me it was a sure cure for my trouble. The first dose I took relieved me very much, and in one week's time I was as strong and hearty as ever I was. *It is the best medicine I ever took for Dyspepsia.*
RICHMOND, Va. H. G. CRENSHAW.

Do You Suffer from Constipation?

Testimony of HIRAM WARNER, Chief-Justice of Ga.: "I have used Simmons Liver Regulator for Constipation of my Bowels, caused by a temporary Derangement of the Liver, for the last three or four years, and always *with decided benefit.*"

Have You Malaria?

I have had experience with Simmons Liver Regulator since 1865, and regard it as *the greatest medicine of the times for diseases peculiar to malarial regions.* So good a medicine deserves universal commendation.

Eczema!

For the benefit of suffering humanity, and in heartfelt gratitude at the wonderful result, I deem it only my duty to give this unsolicited testimony in favor of Swift's Specific. My wife has been afflicted with hereditary Eczema or Salt Rheum from her infancy. It has increased in intensity with each succeeding spring, and being somewhat skilled in medicine myself, I tried every remedy I could think of for years-Sarsaparilla combined with every form of Potassiac, and hundreds of other remedies, lotions and alkali washes of every known kind, but they all gave only temporary relief. During the spring of 1884 her lower extremities became so inflamed and sore that she was obliged to keep them constantly coated with a cover of "Fuller's Earth," mixed wet and allowed to dry on. Among other things, she was inflicted with a periodical nervous headache, occurring regularly every seven days, sometimes followed by an intermittent fever for weeks at a time, so that her life became a burden to her.

This spring I determined she should take S. S. S. and follow strictly the directions in regard to dose, diet, etc. This was about seven weeks ago. After taking the first large bottle the disease seemed to increase; the burning, itching and inflammation became unbearable. She, however, persevered in the use of the medicine. After taking the second bottle the inflammation began to subside. After the third bottle the inflammation disappeared and sore spots dried up and turned white and scaly, and finally she brushed them off in an impalpable white powder resembling pure salt. She is now taking the sixth bottle, three tablespoonful four times daily. Every appearance of the disease has gone, and her flesh is becoming soft, white and smooth again; and what is more, her periodical headaches have disappeared and she is now, at 53 years of age, enjoying the only good health she has known for upwards of 40 years. No wonder she declares with emphasis that every bottle of S. S. S. is worth a thousand times its weight in gold.

Any further information concerning her case will be cheerfully given by herself at her residence, 135 Mullett street, or by me

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33⅓ per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

Charley Becker was given a handsome gold badge by the members of Hose company No. 3, of which the gallant fireman is foreman. Mr. Becker did the royal act to his friends.

A special car containing Governor Oglesby and other distinguished persons passed through the city last night on the Pittsburg, en route home from New York; where they attended the Grant obsequies.

Lieut. Frank Wilkinson was detained at home again last night by sickness. Officer Pete Owens was called home by the serious illness of his little child, and Officer Humbrecht is at the bedside of his daughter, who is ill with typhoid fever.

Rt. Rev. Bishop Rademacher will administer the rite of confirmation to fifty children at Monroeville next Sunday afternoon. Monroeville is under the care of Rev. Father Hartman, of Arcola, who has built a fine congregation in Monroe township.

Col. D. N. Foster, department commander of the state G. A. R., has returned from an inspection tour of subordinate posts. He has just appointed Capt. F. F. Boltz his senior aide-de-camp. Captain Boltz was one of the bravest men in the service and no honor is too good for him.

Pat Connors, a young man well known hereabouts, was struck by a bridge from a flying Wabash, St. Louis and Pacific express train, in the Logansport city limits, at 5 o'clock Saturday evening. His injuries are fatal. Conners was stealing a ride and was standing on the baggage car when struck.

Officer Leonard Fuchshuber last night struck Ernest Gerke with his club and split his scalp, but did not knock him down, nor prevent him from walking home. Gerke was brought into court this morning on a charge of attempting to assault the officer. The case is a little complicated, to say the least.

Building permits have been granted to Thomas Doyle, to construct an addition to his frame house on lot 7, Geary's addition, to cost $200; to Adolph Schulte, to build a two-story brick house on lot 67, Lasselleville addition, to cost $1,200, and to A. Hattersley, to erect a two-story frame house on lot 134, Rockhill's addition, to cost $1,000.

The American Express company has inaugurated a new plan of dealing with its employes, whereby it is hoped to shuffle out of its present responsibilitiy for damages in case of accident on steamboat or railroad, resulting in injuries. The company has sent to each of its men a contract calling him to release it from all such claims in case any accident may happen him, the penalty for refusal to sign which is discharge from the company's service.

Cedar blocks are now laid in the alley south of the Aveline house block.

Ex-Councilman John M. Reidmiller is still lying at death's door.

Mrs. G. W. Loag and Miss Jessie Straughan are at Niagara Falls.

J. F. Beegan has returned from Wabash, much improved in health.

Yesterday afternoon Justice Ryan fined James Briant for provoking Wm. Launsberry.

THE LUTHERAN SYNOD.

Continuation of the Religious Discussions—The Meeting Last Night.

A number of the visiting delegates to the Evangelical Lutheral Synod occupied Indianapolis pulpits Sunday. The synod re-convened yesterday morning and continued the discussion of the treatise on Angels, the following proposition on the the particular thesis under consideration, being sustained: "While the angels faithfully watch over the children of God, the devil works all sin among mankind, though mankind is not without guilt, because it allows itself to be decoyed by the devil." Rev. C. N. Zorn, Professor G. Schick and Rev. C. Gross participated in the discussion.

In the afternoon $200 was voted the South Bend congregation to cover debts. The election resulted as follows: Visitor for the Logansport and La Porte district, Rev. J. H. Fox, of Logansport; visitor to the Fort Wayne, Decatur, Kendallville and Defiance district, Rev. G. Schumm, of Kendallville; treasurer, Mr. D. Roscher, of Fort Wayne. Upon application, three new congregations, Hubbard and Gundrum, Ind, and Cleveland, O., were admitted to membership in the synod.

Last night there were religious services, a sermon especially for ministers, by Rev. R. G. Schumm, of Kendallville, his subject being "The Gospel of Christ, a Power of God to Salvation, which, also we need not be ashamed of." The synod will conclude its labors this afternoon.

HE BLAMED WHISKY.

Death of an Unfortunate Wabash Brakeman at Colburn.

The Wabash brakeman, McMoran, who got his foot cut off by a misstep whilst attempting to board a west bound train at Colburn, last Thursday evening at 6 o'clock, died there yesterday afternoon in great agony. Dr. Anderson, of Colburn, had amputated the limb below the knee Tuesday night, but gangrene set in and could not be checked. The deceased was a young man, twenty-two years of age, and unmarried. He was quite dissipated, and was drunk at the time of his fatal accident. When he was picked up by his companions, immediately after the accident, he said, "If I had not been drinking this would not have occurred." The county buried the remains at Colburn. The poor fellow lived here for two years and made many friends.

The Gold Spike Road a Myth.

The Paulding *Gazette* has this bit of gossip about a railroad project written up in a paper here:

ED. DEMOCRAT:—The Baltimore and Ohio railroad company apparently have taken an interest in my long north and south railway project running through Payne, this county. If we are to believe the Fort Wayne *Gazette*, E. M. Davis, of Tiffin, Ohio, is the chief surveyor of the Baltimore and Ohio railway company. I wrote to him in regard to the "Gold Spike," and received the following glorious answer:

TIFFIN, O., July 6, 1885.

DEAR SIR:—Yours of this date in reference to the Gold Spike railroad received. I know nothing about it. Some parties have proposed, however, to construct a line from the north pole to the south pole, and it will probably run through Fort Wayne. Operations will begin as soon as the north pole is discovered.

East Bound Freight.

The shipments of flour, grain and provisions from Chicago to eastern through stations by the pool lines during the week ending Saturday, Aug. 8, amounted to 26,111 tons, against 17,490 tons during the preceding week, an increase of 8,621 tons. Shipments of flour increased 475 tons, those of grain increased 8,245 tons, while those of provisions decreased 99 tons. The Pittsburg road carried 4,388 tons and the Nickel Plate 2,250 tons. The Michigan Central line alone surpassed the Fort Wayne road, carrying 8,534 tons.

Substitute for Calomel and Quinine.

Simmons Liver Regulator, purely vegetable, is equal in power to blue mass or calomel, but without any of their injurious properties.

"I have used Simmons Liver Regulator, and find it a most excellent medicine, acting like a charm on the liver. It is a most excellent substitute for calomel. Have tried it in several cases of bilious disorders, chills and fever, and find its effects a cure in a most satisfactory manner. DR. J. H. BOWEN, Clinton, Ga.

One of the Welch Gang in Trouble.

Dr. Welch has a lightning calculator among the members of his gang. The Wabash *Courier* says that he induced one Mrs. James, the wife of a Wabash man, to run away with him. The irate husband followed the elopers to Columbia City, and proposed to compel the run-away wife to return with him, when the lightning calculator blew up his mucle and drove the pursuing husband back to Wabash.

The cottage meeting of the R. R. Y. M. C. A. will be held this evening at R. E. Doty's, 352 Hanna street. Railroad and factory men and their families residing in the vicinity are cordially invited.

Col. R. S. Robertson was at Indianapolis yesterday.

Unhappy Man.

Why persist in ruining your digestion by eating unwholesome food, and keeping it ruined by doing nothing to restore it to usefulness and right action. Some think that dyspepsia is incurable. They are the ones who have never taken Crown's Iron Bitters. This valuable family medicine makes short work of the tormentor and soon enables the digestive apparatus to do its work. Mr. E. Collins, of Keokuk, Iowa, says, "I used Brown's Iron Bitters for dyspepsia and am greatly benefited.

No, Minnie, a parachute is not a double-barreled gun.

Out Door Sports.

With the opening of the season of out door sports comes the time of trouble for the poor victims of Hay Fever and Rose Cold. For them flowers have no odor and the summer little or no beauty. To snuff, sneeze and wipe their weeping eyes for three or four successive months—this is their pitiable portion. There is no help in sea voyages, there is no help in high mountain air. But there is a positive cure in Ely's Cream Balm. Try it. If you continue to suffer it is because you neglect a remedy as sure as it is cheap and pleasant.

ESTABLISHED 1833. TUESDAY EVENING, AUGUST 11, 1885. PRICE THREE CENTS

SEALED PROPOSALS!

TO PRINTERS, BOOKBINDERS AND STATIONERS.

BUREAU OF PUBLIC PRINTING, BINDING AND STATIONERY, INDIANAPOLIS, July 29, 1885.

The Board of Commissioners of Public Printing, Binding and Stationery, will, in accordance with an act of the General Assembly, approved April 13th, 1885, receive sealed proposals, until the

1st day of September, 1885,

and up to the hour of 11 o'clock a. m., of that day, for doing the Public Printing, and furnishing the Stationery for the use of the State of Indiana, for two years, commencing on the 1st day of October, 1885.

At the date and hour above stated, in the office of the Auditor of State, the sealed proposals will be opened, and contract will be awarded to the lowest and best bidder, according to law, as soon as the bids can be properly examined and classified.

The work will be divided into three classes, as specified by the law as follows:

The first class shall comprise the laws, journals, reports of officers and public institutions, and all book and pamphlet work to be printed on book or pamphlet paper.

The second class shall comprise all legislative bills, commissions, letter heads, circulars blanks, and other work usually executed on writing paper and all articles of stationery.

The third class shall comprise the folding, stitching, covering and binding, and all work belonging to the binding business.

Parties making bids will be required to accompany their sealed proposals with samples of every description of paper named in said proposals, giving name and weight of same, or otherwise designating means for making comparisons and estimating value.

The contractor will be required to give bond in the sum of $25,000, with approved security for the faithful performance of all work which may be awarded him, and that, in every instance, the paper shall be in color and quality the same as the sample furnished.

Specifications and full particulars in regard to the work can be obtained of J. H. Maynard, clerk of the Bureau of Public Printing, Binding and Stationery, at the office of the secretary of state, and the contract must be to do the work according to specifications.

The board of commissioners reserves the right to reject any and all bids that may be offered.

The sealed proposals must be addressed to W. R. Myers, secretary of state and ex-officio secretary of the board.

ISAAC P. GRAY, President of Board.

General Western Agents:

Gentlemen—I have examined the report of Dr. Geo. M. Sternberg, chairman of the committee appointed by the American public health association to report on the value of disinfectants, and I find that he places SUCCESSFUL CONTROL to Withers's Antizymotic Solution. He says that a 4 per cent. solution in water is an active germ destroyer. I am therefore justified in recommending its general use as directed. (Signed), OSCAR C. DEWOLF, M. A DELUGE.

Kansas City Flooded Early This Morning.

By Telegraph to THE SENTINEL.

KANSAS CITY, Aug. 11.—A heavy rain and thunder storm visited this city before daybreak this morning, and caused a flooding of cellars in all parts of the the city. Two brick buildings, one two stories high, on Grand avenue, one occupied as a hardware and the other as a dry goods store, collapsed during the storm and were totally wrecked, owing to the undermining of the foundation and their defective construction. Ten persons lodged in the buildings at the time, but escaped uninjured.

FRIGHTFUL CRIME.

A Negress Gives a Babe Lye.

By Telegraph to THE SENTINEL.

NASHVILLE, Tenn. Aug. 11.—Last night a negress named Anna Davenport, who had a fight with another woman named Millie Plummer about a week ago, entered the latter's house during her absence and forced her four months old babe to swallow concentrated lye, and had poured the stuff over its body. The child is fatally injured.

A Brutal Outrage.

By Telegraph to THE SENTINEL.

HUNTINGDON, Pa., Aug. 11.—Ten white men and a negro, named George Mack, belonging to a circus, last night committed a brutal outrage upon Flora Morrison, a country girl of Centre Union, this county.

It is Finished.

By Telegraph to THE SENTINEL.

NEW YORK, August 11. The *World* this morning says: "It is with unfeigned pride and genuine pleasure that the *World* to-day announces the task which it undertook a little less than five months ago, to raise $100,000 to complete the Statue of Liberty pedestal, is finished."

A Hotel Fire.

By Telegraph to THE SENTINEL.

ASHEVILLE, N. C. At 2 o'clock this morning the main building of the Hayswood White Sulphur Springs hotel, at Waynesville, took fire. The kitchen was totally destroyed. The furniture was saved. There were about 200 guests. They all escaped and saved their property. Loss, $40,000, no insurance.

The National Capitol.

By Telegraph to THE SENTINEL.

WASHINGTON, D. C., August 11.—President Cleveland has issued a proclamation in which, after quoting laws on the subject of settlement on the public domain, he says: "And whereas it has been brought to my knowledge that unlawful enclosures exist upon the public domain, and that actual legal settlement thereon is prevented and obstructed by such enclosures, and by force, threats and intimidation; now, therefore, I, Grover Cleveland, President of the United States, do hereby order and direct that any and every unlawful enclosure of the public lands, maintained by any person, association or corporation, be immediately removed, and I do hereby forbid any person, association or corporation from preventing or obstructing by means of such enclosure, or by force, threats or intimidation, any person entitled thereto, from peaceably entering upon and establishing a settlement or residence on any part of such public land, which is subject to entry and settlement under the laws of the United States."

The agricultural bureau reports that the corn crop has made an improvement since the last report, and indications are that the yield will be twenty-six to twenty-seven bushels per acre. There has been an average decline of four points in spring wheat, which indicates a reduction of 6,000,000 bushels from expectation on July 1st. No reports concerning the threshing of winter wheat are received, except in the south.

The White House is now closed to visitors, and will not be re-opened until the President's return, 1st September. In the meantime the building will be overhauled and made as clean and comfortable as possible. Considerable repairing will have to be done, and several improvements in the internal arrangements will be made. The clerical force will remain on duty during the summer. Assistant Private Secretary Pinder is in charge. The President will always be within telegraphic communication with the White House, and will in that way attend to all matters requiring action on his part.

The commission appointed to visit Central and South America in the interest of commerce between those countries and the United States, has made reports on its visit to Ecuador, Venezuela, and Guatemala. The commission says it found the President of Ecuador rather disinclined to a reciprocity treaty, because his government needed the revenues from imports, and because other countries buy more goods from Ecuador than the United States, which in that respect stands fifth.

In regard to the adoption of a common silver coin, for the Central and South American States, and the United States, he said his country was not working its silver mines, and had no silver to coin. He favored a Commercial Congress of the countries mentioned, and went on to say that one of the great obstacles to commerce with the United States is the high freight charges carrying trade, being practically a monopoly, and intimated that if the United States would establish a line of coasters, with equitable charges, no other coast vessels would be allowed to passat ports at Ecuador. The commission reports that it was received by the President of Venezuela and his Cabinet, and its suggestions received as matters of much importance, but that the Venezuelan Congress was soon to convene, and he desired not to be hampered by promises, but said he would soon communicate with the United States Government on the subjects referred to in the report. On the results of the visit to Guatemala, which is embodied in a communication from the minister of foreign relations, a very cordial spirit is manifested.

A Double Tragedy.

UTICA, N. Y., August 11. Edwin Preston, of South Otsego, in Otsego County, went to the house of his sweetheart, Tilda Manor, and, as she sat at the breakfast table, fired three shots at her. The last shot killed her instantly. Preston then put the pistol to his head and fired, and now lies at the point of death.

Love Did It.

FRANKLIN, Ky., August 11. At a lawn party Saturday night, Rose Edwards and Dunge Whitesides engaged in a quarrel over the right to a girl's company. Edwards shot Whitesides in the bowels, and the latter died in a few hours.

LOCAL LINES.

The circulating library of the railroad reading room is now ready for use.

The Wabash, after dropping its most unprofitable lines, still had a decrease from $430 to $292 per mile in its July earnings.

Joe Orville, the old fankhinsky, was fined for indecent exposure to day by the mayor. Maggie Langdon, the old woman arrested with him, paid her fine and is out of jail.

Joseph Diebold died this morning at his home, 275 East Washington street. Mr. Diebold was an excellent citizen and his death is deeply mourned. The funeral occurs Thursday morning at 9 o'clock from St. Mary's Catholic church.

The Wabash last night had 160 car-loads of wheat in their yards at Indianapolis, awaiting room in the elevators A and C to receive it. All is consigned to St. Louis parties.

Mr. Clem Studabaker, of South Bend, who is always doing something noble and christian like, sent by express this afternoon to the Railroad Young Men's Christian association a handsome bulletin board, gotten up in a very tasty manner. Mr. Studabaker is the president of the Young Men's Christian association at South Bend and an earnest worker in the cause.

The bans of P. J. McDonald and Miss Gertrude Donnelly were published from the cathedral Sunday. Miss Donnelly is a pleasant and accomplished young lady, now the guest of Mrs. S. A. Grabel. Mr. McDonald is clerk at the water works department and one of the brightest and most trusty accountants in the city. He is very popular, and although the young people will be married early Tuesday, their friends will be numerous at the church.

HALE'S STORY.

It Does Not Stand the Test of Criticism---He Will Hear from Judge Woods.

THE SENTINEL yesterday gave space to an interview with Homer C. Hale, who boasts of his intention to work wonders. He is entirely wrong in his assertion that Judge Woods lived in Wabash county. He is wrong when he charges that Judge Woods instructed the jury against him, because Councilman Ely, a member of of that tribunal, says the charge was fair, not at all specific and manifestly just to both parties. Hale's case comes before Judge Woods in December and he will then listen to the riot act from the court.

When Mr. Hale comes here to measure strength with Harry C. Hanna, he will find a young man who stands a head or two above him in every attribute of manhood. Hale is now at Grand Rapids to prosecute Gibbon Fitch for perjury. He has men to swear for him who have already admitted they perjured themselves.

Mayor Mubler and the Electric Light Contract.

The *Journal* and *Gazette* charge that the contract between the city and the Electric Light company is null and void because Mayor Mubler is president of the Electric Light company. THE SENTINEL representative interviewed Mr. Mubler about the matter this morning. He said he believed the law would not be interpreted as the papers indicated. He had nothing to fear, as he asked no man to vote for the contract, did not have a vote on it himself, and could not see how it differed from the contract with the gas company when Hon. A. P. Edgerton was a member of the council and president of the gas company. He does not think it differs from the case of the *Journal* company, which made a contract to do the city printing when the president of the company, C. A. Zollinger, was mayor, and a stockholder, Mr. Fred C. Beltz, was a member of the council. Mayor Mubler will get the opinion of City Attorney Colerick on the question.

The Surgeons at Rome City.

This morning a select party of excursionists went to Rome City on a special train furnished by Superintendent P. S. O'Rourke. The company included the Pennsylvania railroad surgeons and their families, numbering fifty people. Among those present were Dr. P. R. Young and wife, Crestline, Ohio; Dr. Jno. A. Chesboro, mother and sister, Smyrna, O.; Dr. Neal Hardy and wife, Upper Sandusky, O.; Dr. Harper, wife and daughter, Lima, O.; Dr. G. W. McGavran and wife, Van Wert, O.; Dr. J. W. Dawson, and wife, Warsaw, Ind.; Dr. J. J. Larkins and wife, Valparaiso, Ind.; Dr. De Wolf and wife, Englewood, Ill.; Dr. D. J. Lorenz and wife, South Chicago; Dr. Lee and wife, Chicago; Dr. C. B. Stenen, Dr. G. S. Gregg and family, Fort Wayne; J. K. McCracken and family, C. B. Higgins and family, and Mr. Cox and family accompanied the party.

MINE HORROR.

Ten Men Killed in an Explossion.

By Telegraph to THE SENTINEL.

WILKESBARRE, Aug. 11.—A terrible explosion of gas took place in the west end coal company's mines this morning at Mocanqua, fifteen miles from here. Ten miners were instantly killed and several others dangerously injured.

DEADLY AIR.

WILKESBARRE, Pa., August 11.—Further intelligence of the disaster says: The fan engine that supplies the fresh air to the west end mine at Mocanqua broke, depriving the miners of air. Four men have been brought to the surface dead and four or five more are yet in the mine and cannot be reached, owing to the impure air.

Six hours after the accident Superintendent Teasdale, who is also part owner of the mine, is still unconscious.

NOBLE, Ill., Aug. 11.—Yesterday the bridge over Noble's Creek gave way under the weight of a farm engine. Two men and horses were killed.

The Meteoric Showers.

To the Editor of THE SENTINEL.

The unusual display of meteors last night was witnessed with much interest by a few of us from the residence of Mr. Frank Welling. These meteors of August 10 belong to the family known as the Perseides. The unusual number at this time proves that we are approaching the maximum of splendor of these displays. We counted more than one hundred from 10 to 12 o'clock, and that too in a very limited field. A rapid diminution of temperature was occuring during the time and still continues, probably resulting from the intervention of this meteoric ring composed chiefly of very small masses of matter between the earth and the sun. The 10th, 11th and 12th of August are usually noted as good days from this cause.

Numerous shooting stars will probably be seen for a few nights. Their paths will pass through the constellation Perseus, hence their name.

The next period will be in November, 13th and 14th, between the hours of midnight and sunrise. Of this period Arago says: We this become more and more confined in the belief that there exists a zone composed of millions of small bodies, whose orbits cut the plane of the ecliptic at about the point which our earth annually occupies between the 11th and 13th of November. This period shows itself in its greatest magnitude every thirty three or four years.

W. H. M.

The Temperature for July.

W. H. Eagan, director of the DePauw university weather service, says The temperature averaged 3 degrees higher in the state than in 1883, and 2½ higher than in 1884, and the rainfall 2.27 lower than in 1883, and 2.26 lower than in 1881. The crops do not seem to have suffered greatly for rain, from which it might be deduced that the normal rainfall for this month is nearly twice the amount absolutely required, the amount this year having been but little more than half the normal, and there having been no general excess during June to carry forward. The rainfall was unevenly distributed through the month and over the state, ranging from 1.70 on the 22d to none on the 1st, 2d, 10th, 12th, 14th, 15th, 19th, 28th, and from 1.80 at Crawfordsville to 0.40 at Fort Wayne. There was a general "wet spell" from the 21st to the 27th, during which the great bulk of the rain fell in all sections.

OFFICIAL PAPER COUNTY AND CITY.

TUESDAY, AUG. 11, 1885.

THE Cincinnati *Telegram* says: "Mr. Charles H. Newell, of this city, has purchased the one-third interest of James H. McClung in the Wabash (Ind.) *Plain Dealer*. The consideration is understood to have been $1,500."

EX-GOVERNOR PORTER is busily engaged in writing his history of Indiana. He has got the hardest part of the work done, but will require a year's time to complete the volume. He can easily write all the remainder of the work, excepting the part relating to Governor Morton's administration, in six months. The volume will comprise about seven hundred pages.

THE Chicago *Times* was in error in its report of M. W. Wines, formerly a resident of this city, as the correct report of the commission under Auditor Chenowith exonerates him from every charge, except, perhaps, that of needless traveling expenses in the interests of the coast survey. Mr. Wines is an old resident of this city, and we feel that the above statement is due him.

THE *Gazette* prattles about doing justice to the citizens of Fort Wayne, irrespective of party, while fresh from its pages comes the odor of a trumped up special dispatch from Washington, charging Congressman Lowry with a crime, in using for his private business a clerk that the government had to pay. The *Gazette* should "not be slow to correct the false impression given by" its special dispatch.

IT is now acknowledged on all hands that Governor Hoadley will be renominated by the Ohio democratic convention and will accept. Ex-Senator Allen G. Thurman, whose name was suggested some time ago for governor, told his friends that there were not oxen enough in Ohio to pull him on the track. There is a strange feeling in favor of instructing the democrats in the next legislature to vote for the Old Roman for the United States senate.

GENERAL CARNAHAN has made his report as commissioner of Indiana to the New Orleans exposition to Governor Gray. It contains nothing but an itemized statement of the expenses incurred, and vouchers accompanying them. The legislative appropriation for the exhibit was $3,000, divided as follows: Educational department, $500; woman's department, $500; colored people's department, $100, and state department, $2,700. The total expense amounted to $3,959.37.

THE republican papers of Ohio criticise Governor Hoadly for not hastening to Columbus to issue a proclamation on General Grant's death. He issued an admirable document later and commenting on the matter the Cincinnati *Evening Telegram* says: "The writer of this was with Governor Hoadly once when the latter made a republican speech at Fort Wayne, Ind., in 1868, and a warmer eulogy he never heard pronounced on Grant than Hoadley pronounced at that time."

VICE PRESIDENT HENDRICKS recently met Slugger Sullivan, according to a Harrisburg paper: Mr. Hendricks, being informed of the champion's presence in the train, expressed a desire to meet the Boston warrior. He was taken into the "Midway" while crossing the Alleghenies, and the two were presented to each other. After introductions around, cigars were produced, and the two hardest men in the world to knock out smoked and chatted. Mr. Hendricks jocularly remarked: "Well, John, they say you're a hard hitter." "Yes; when I hit a man I try to hit him hard." "Do you ever hit anybody as hard as you can?" "No, sir; I don't try that. I am afraid. But when I fight I try to do my man up as soon as I can." "Well, doesn't it hurt to be hit in the face?" "Oh, yes; it hurts; but I don't let them hit me often. And a man must get used to the hurting."

THE Richmond *Palladium*, a republican paper, in a manly way says: "An ugly rumor is put in circulation from Washington about Judge Lowry, congressman from the Fort Wayne district. He is charged with having his private secretary paid by the government at the rate of $70 per month. We know Judge Lowry, and do not believe the story. He will undoubtedly be able to deny or explain the charge satisfactorily." THE SENTINEL can assure its cotemporary that there is not a word of truth in the charge which the Fort Wayne *Gazette* has not the decency to correct.

THE GREAT REGULATOR

SIMMONS LIVER REGULATOR

PURELY VEGETABLE.

Are You Bilious?

The Regulator never fails to cure. I most cheerfully recommend it to all who suffer from Bilious Attacks or any Disease caused by a disarranged state of the Liver.
KANSAS CITY, Mo. W. R. BERNARD.

Do You Want Good Digestion?

I suffered intensely with *Full Stomach, Headache*, etc. A neighbor, who had taken Simmons Liver Regulator, told me it was a sure cure for my trouble. The first bottle I took relieved me very much, and in one week's time I was as strong and hearty as ever I was. *It is the best medicine I ever took for Dyspepsia.*
RICHMOND, Va. H. G. CRENSHAW.

Do You Suffer from Constipation?

Testimony of HIRAM WARNER, Chief Justice of Ga.: "I have use 1 Simmons Liver Regulator for Constipation of my Bowels, caused by a temporary Derangement of the Liver, for the last three or four years, and always *work decided benefit.*"

Have You Malaria?

I have had experience with Simmons Liver Regulator since 1866, and regard it as *the greatest medicine of the times for diseases peculiar to malarial regions.* No g od a medicine deserves universal commendation.

Eczema !

For the benefit of suffering humanity, and in heartfelt gratitude at the wonderful result, I deem it only my duty to give this unsolicited testimony in favor of Swift's Specific. My wife has been afflicted with hereditary Eczema. Salt Rheum from her infancy. It has increased in intensity with each successive spring, and being somewhat skilled in medicine myself, I tried every remedy I could think of for years. Sarsaparilla combined with every form of Potassa, and hundreds of other remedies, lotions and alkali washes of every known kind, but they all gave only temporary relief. During the spring of 1884 her lower extremities became so inflamed and sore that she was obliged to keep them constantly coated with a cover of "Fuller's Earth," mixed wet and allowed to dry on. Among other things, she was induced with a terrible(al) nervous headache, occurring regularly every seven days, something caused by an intermittent fever for weeks at a time, so that her life became a burden to her.

This spring I determined she should take S. S. S. and follow strictly the directions in regard to dose, diet, etc. This was about seven weeks ago. After taking the first large bottle the disease seemed to increase; the burning, itching and inflammation became unbearable. She, however, persevered in the use of the medicine. After taking the second bottle the inflammation began to subside. After the third bottle the inflammation disappeared and sore spots dried up and turned white and scaly, and finally she brushed them off in an impalpable white powder resembling pumpkin. She is now taking the sixth bottle, three tablespoonful four times daily. Every appearance of the disease has gone, and her flesh is becoming soft, white and smooth again; and what is more, her periodical headaches have disappeared, and she is now, at 53 years of age, enjoying the only good health she has known for upwards of 40 years. No wonder she declares with emphasis that every bottle of S. S. S. is worth a thousand times its weight in gold.

Any further information concerning her case will be cheerfully given by her father residence, 195 Mullett street, or by me.

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33 per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1856, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

The doctors here have not all taken out license papers under the new law. They will be prosecuted.

There was a select party at the Princess rink last evening. Sidel served the luncheon at midnight.

Hon. E. L. Chittenden, Judge S. M. Hench, W. S. Oppenheim and Oliver Evans witnessed the Grant funeral.

T. C. Logan, a son of Hon. John A. Logan and classmate of Harry C. Hanna and Wm. P. Breen, is at the Aveline house.

John Ferguson, the lumber dealer, and family, left last night for the northern lakes. They will go as far as the St. Lawrence river.

The streets of the city are in very bad shape. The council committee on streets looked at them the other day and may recommend improvements.

Mrs. Barney Phillips accompanied Mr. and Mrs. W. P. Breen to the Nickel Plate excursion train yesterday. The lady was carried to New Haven and returned via the Wabash.

The indications for the lower lake region, as reported by the weather bureau at Washington to THE SENTINEL are as follows: Local rains, variable winds; nearly stationary temperature.

John Weber, whose home is on Jones street, fell from a chestnut tree yesterday and broke several of his ribs. Mr. Limecooly, the South Calhoun street grocer, carried the disabled lad home.

The Nickel Plate excursion to Niagara Falls yesterday was a grand success. Eleven coaches left this city and a half dozen others were added east of here. The company will run another excursion August 18.

We are glad to learn from reports received from all parts of the county that the wheat and oats crops are much larger than was anticipated, and the late rains have given the corn and potatoes a boost that insures a good crop of those products.

Sarah A. Francis to August Shele, lot 5, Lillie's addition, for $1,700; Maggie Garnett to Perry A. Randall, lot 54, Skinner's addition; Margaret L. M. Fay to Charles Volz, lot 283, Lasellville addition for $157. These are the city real estate transfers.

A number of pedestrians have lately been doused with water in the alley near the Sidel block. An affidavit will be filed against occupants of the building, and the guilty ones assessed an "X" or two. A young railroad clerk had a new suit of clothes ruined by the sport some time ago.

The trial of the west end lads who are charged with conducting themselves like cow boys is set for to-morrow afternoon. Their names are John Flood, George Kiley, John Daily, Cornelius Cooper, Frank Kincade and S. C. Quodore. The witnesses against them are Henry Coolmeyer and Fred Tieman.

Philip Carl, a Grand Rapids road employe, provoked Mrs. Julina Layman on the street last night. Mrs. Leyman's husband smashed Carl on the nose and knocked him down. Officer Fletcher arrested both men, who were bruised and bleeding. They gave bail and this morning Mayor Muhler fined Layman and let Carl go as he didn't deem him guilty.

A vicious dog belonging to Nic Leykauf, the Broadway baker, bit Officer O'Connell last night and the policeman shot at the canine promiscuously. Leykauf protected the dog and the officer arrested him. Leykauf gave bail and will have a hearing to-morrow afternoon. Henry Colerick will prosecute this suit, as it is a city offense. Residents of Broadway say they will prefer charges against Officer O'Connell.

The Diocesan school board of the Roman Catholic diocese of Fort Wayne will meet at the residence of Rev. Father Walters, Lafayette, to-morrow. The following are members of the board: Rev. J. H. Brammer, administrator; Rev. A. B. Oechtering, Mishawaka president; Rev. John F. Lang, Fort Wayne, secretary; Rev. F. Koerdt, Sheldon, assistant secretary; the Revs. E. P. Walters, Lafayette; H. Koenig, Fort Wayne; J. H. Oechtering, Fort Wayne; M. F. Campion, Logansport; H. Meissner, Peru; M. O'Reilly, Valparaiso; H. A. Boeckelman, Delphi; T. E. Walsh, Notre Dame; W. Berg, Shererville.

THE LUTHERAN SYNOD.

Continuation of the Religious Discussions The Meeting Last Night.

A number of the visiting delegates to the Evangelical Lutheral Synod occupied Indianapolis pulpits Sunday. The synod re-convened yesterday morning and continued the discussion of the treatise on Angels, the following proposition on the the particular thesis under consideration, being sustained: "While the angels faithfully watch over the children of God, the devil works all sin among mankind, though mankind is not without guilt, because it allows itself to be decoyed by the devil." Rev. C. N. Zorn, Professor G. Schick and Rev. C. Gross participated in the discussion.

In the afternoon $200 was voted the South Bend congregation to cover debts. The election resulted as follows: Visitor for the Logansport and La Porte district, Rev. J. H. Fox, of Logansport; visitor to the Fort Wayne, Decatur, Kendallville and Defiance district, Rev. G. Schumm, of Kendallville; treasurer, Mr. D. Roecher, of Fort Wayne. Upon application, three new congregations, Hubbard and Gundrum, Ind., and Cleveland, O., were admitted to membership in the synod.

Last night there were religious services, a sermon especially for ministers, by Rev. R. G. Schumm, of Kendallville, his subject being "The Gospel of Christ, a Power of God to Salvation, which, also we need not be ashamed of." The synod will conclude its labors this afternoon.

HE BLAMED WHISKY.

Death of an Unfortunate Wabash Brakeman at Colburn.

The Wabash brakeman, McMorris, who got his foot cut off by a mud-sp whilst attempting to board a west bound train at Colburn, last Thursday evening at 6 o'clock, died there yesterday afternoon in great agony. Dr. Anderson, of Colburn, had amputated the limb below the knee Tuesday night, but gangrene set in and could not be checked. The deceased was a young man, twenty-two years of age, and unmarried. He was quite dissipated, and was drunk at the time of his fatal accident. When he was picked up by his companions, immediately after the accident, he said, "If I had not been drinking this would not have occurred." The county buried the remains at Colburn. The poor fellow lived here for two years and made many friends.

The Gold Spike Road a Myth.

The Paulding *Gazette* has this bit of gossip about a railroad project written up in a paper here:

ED. DEMOCRAT:—The Baltimore and Ohio railroad company apparently have taken an interest in my long north and south railway project running through Payne, this county. If we are to believe the Fort Wayne *Gazette*, E. M. Davis, of Tiffin, Ohio, is the chief surveyor of the Baltimore and Ohio railway company. I wrote to him in regard to the "Gold Spike," and received the following glorious answer:

TIFFIN, O., July 6, 1885.

DEAR SIR:—Yours of this date in reference to the Gold Spike railroad received. I know nothing about it. Some parties have proposed, however, to construct a line from the north pole to the south pole, and it will probably run through Fort Wayne. Operations will begin as soon as the north pole is discovered.

East Bound Freight.

The shipments of flour, grain and provisions from Chicago to eastern through stations by the pool lines during the week ending Saturday, Aug. 8, amounted to 25,111 tons, against 17,490 tons during the preceding week, an increase of 8,621 tons. Shipments of flour increased 475 tons, those of grain increased 8,245 tons, while those of provisions decreased 99 tons. The Pittsburg road carried 4,388 tons and the Nickel Plate 2,250 tons. The Michigan Central line alone surpassed the Fort Wayne road, carrying 8,534 tons.

Substitute for Calomel and Quinine.

Simmons Liver Regulator, purely vegetable, is equal in power to blue mass or calomel, but without any of their injurious properties.

"I have used Simmons Liver Regulator, and find it a most excellent medicine, acting like a charm on the liver. It is a most excellent substitute for calomel. Have tried it in several cases of bilious disorders, chills and fever, and find its effects a cure in a most satisfactory manner. DR. J. H. BOWEN, Clinton, Ga.

One of the Welch Gang in Trouble.

Dr. Welch has a lightning calculator among the members of his gang. The Wabash *Courier* says that he induced one Mrs. James, the wife of a Wabash man, to run away with him. The irate husband followed the elopers to Columbia City, and proposed to compel the runaway wife to return with him, when the scathing calculator blew up his oracle and drove the pursuing husband back to Wabash.

The cottage meeting of the B. R. Y. M. C. A. will be held this evening at B. F. Doty's, 324 Huron street. Railroad and factory men and their families residing in the vicinity are cordially invited.

G. A. R. S. Robertson was at Indianapolis yesterday.

Unhappy Men.

Why persist in ruining your digestion by eating unwholesome food, and keeping it ruined by doing nothing to restore it to usefulness and right action. Some think that dyspepsia is incurable. They are the ones who have never taken Crown's Iron Bitters. This valuable family medicine makes short work of the fermentor and soon enables the digestive apparatus to do its work. Mr. E. Collins, of Keokuk, Iowa, says, "I used Brown's Iron Bitters for dyspepsia and am greatly benefited.

No, Minnie, a parachute is not a double-barreled gun.

Out Door Sports.

With the opening of the season of out door sports comes the time of trouble for the poor victims of Hay Fever and Rose Cold. For them flowers have no odor and the summer little or no beauty. To sniff, sneeze and wipe their weeping eyes for three or four successive months—this is their pitiable portion. There is no help in sea voyages, there is no help in high mountain air. But there is a positive cure in Ely's Cream Balm. Try it. If you continue to suffer it is because you neglect a remedy as sure as it is cheap and pleasant.
